1961 ANNUAL REPORT

OF THE

TOWN OF DOVER-FOXCROFT MAINE

WELCOME

ALL STATE

MUSIC

FESTIVAL

APRIL 5-6-7, 1962

ANNUAL REPORT

OF THE

MUNICIPAL OFFICERS

OF THE

TOWN OF

DOVER-FOXCROFT

INCORPORATED 1922

MAINE

FOR THE YEAR 1961-1962

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 10, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

TOWN OFFICERS—1961-1962

Elected March 13, 1961

Selectmen, Assessors & Overseers of the Poor

George J. Stacy, Chairman	Term expires 1962
Harland E. Towne	Term expires 1962
Alfred E. Robinson	Term expires 1963
Stanley J. Ireland	Term expires 1963
John W. Meisner	Term expires 1963
Eugene Mountain, Jr.	Term expires 1964
Philip E. Warren	Term expires 1964

Town Clerk & Treasurer

Carroll W. Ames

School Committee

Hale G. Stanley	Term expires 1962
Jane W. Grant	Term expires 1963
William R. Culley	Term expires 1964

Trustees of Mayo Memorial Hospital

John W. Meisner (Appointed by Selectmen)	Term expires 1962
Marjorie Doore	Term expires 1962

Eugene Mountain, Jr. (Appointed by Selectmen)	Term expires 1962
Malcolm Brown	Term expires 1962
Linus J. Stitham	Term expires 1963
Evans Page	Term expires 1964
R. Morton Sweetser	Term expires 1965

TOWN MANAGER'S REPORT

Administration & Financial:

The Town Books are kept to conform with the State's uniform accounting system. This report is prepared to show the transactions in all accounts, and where it is not feasible because of printing costs and bulk, to detail each account, we try to make it as clear as possible. Trust funds are in separate accounts and are not mingled with General funds.

The town debt is $196,500.00 for the following: Elementary School Notes, $37,500.00; Academy Gym Notes, $155,000.00; and Central Hall Notes, $4,000.00. The School Note is being paid at $7,500.00 yearly, the Gym Note at $18,337.42 yearly, and the Central Hall Note at $2,000.00 yearly.

This year's local tax commitment was $364,300.20 and was appropriated as follows:

Administration	$ 23,290.00
Protection	11,604.00
Health & Sanitation	8,850.00
Charity	16,500.00
Schools	191,874.00
Highways	34,176.00
Cemeteries	3,300.00
Miscellaneous	22,150.00
Taxes (County & School District)	52,556.20

The total funds available for the year were $1,141,534.81. The expenditures were $1,017,336.71, leaving a balance of $124,198.10 at year's end.

The Selectmen held 21 regular and several special meetings during the year.

Protection:

The law enforcement function is carried on by two

regular and two part time officers, with help from the State Police and the County Sheriff's Department. Vehicular and Pedestrian safety is a must for each and everyone of us. Law enforcement personnel may caution and educate us, or even arrest us for violations, but everyone must cooperate if we are to have safe transportation.

During the coming year, an appraisal of our street lighting system will be made with the thought of improving it as a safety factor. Fire protection services are furnished by the Water District Fire Company which has a well trained regular company, plus its Junior Volunteers.

Public Works:

During the summer months, the Department maintains streets, roads, sidewalks, bridges, sewers, cemeteries, dump, Sebec Beach and highway construction. This year, some sidewalk was built on Summer Street and Essex Street. Many streets were tarred, using about 30,000 gallons of tar. Construction work was accomplished on the Lake Road, Foxcroft Center Road, Gray Hill Road and Doore Road, next year it is planned to continue on the Foxcroft Center Road and the back road to East Dover. Many other roads and streets were repaired, culverts replaced and bridges rebuilt. A section of sewer was constructed on Fairview Avenue and many others repaired and cleaned.

During the year, the care of the dump was contracted to Joseph LaPointe. A car dump was made near the road to facilitate dumping by those using their cars for transportation.

With a gift of money through the Merrill Trust Company, a portion of the Cemetery is being improved. During the winter the Department keeps the roads and streets plowed of snow and removes the snow from

many streets in the village. The streets and highways are sanded and we try to keep them as safe as possible.

Work was carried on in our Dutch Elm Disease program, with preventive work on the trees on West Main Street. One diseased tree was removed on Lincoln Street. Other trees, while not diseased, were dead, and these have been removed. In the interest of safety to the traveling public, bushes and trees have been removed at our railroad grade crossings which obstructed views of approaching trains.

Some work has been done on the skating rink in the cove.

Civil Defense:

The civil defense organization is built around the existing Town Departments, and we feel we could handle and control most situations in cases of emergencies.

Many people have prepared fallout shelters and others are in the process. Most dwellings in this area afford some protection from fallout in the basement area.

Most people visualize fallout as very fine dust which can penetrate into the innermost recesses of a building; spreading radioactive contamination everywhere. Actually, the fallout particles with which we are concerned, vary in size from small sand grains to silt (50 to 500 microns). This relatively coarse-grained material descends quite rapidly and decomposition is usually complete within 48 hours. We should have a control center with protection against fallout, equipped with communication facilities.

Conclusion:

From year to year, we make many improvements

in our operations and plant facilities. Our debt is well within the legal limit and our tax is not exorbitant, whereby we will attract industry which will give us a better economy, making our town a better place in which to live.

Respectfully submitted,

LAURENCE A. PEABODY,
Town Manager

AUDITOR'S REPORT

January 31, 1962

Board of Selectmen
Dover-Foxcroft

Gentlemen:

In accordance with Chapter 405, Section 26, Public Laws of 1957, an audit has been conducted of the financial records of the Town of Dover-Foxcroft for the fiscal year ended December 31, 1961.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting, and included such auditing procedures as were considered necessary in the circumstances.

The exhibits and schedules, incorporated in this report, present the results of the Town's financial operations for the period indicated.

Respectfully submitted,

L. C. NEAL,
Public Accountant

COMMENTS

TOWN OF DOVER-FOXCROFT

December 31, 1960 to December 31, 1961

An audit of the financial records of the Town of Dover-Foxcroft has been completed for the fiscal year ended December 31, 1961.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures. The results are incorporated in the following text, exhibits and schedules pertaining to the financial affairs of the Town.

The fiscal year's operations showed that expenditures exceeded available funds by $102.51 per the following summary:

Departmental Accounts, Exhibit D—	
Overdrafts	$6,707.04
Less: Unexpended	6,604.53
	$ 102.51

ASSETS

The cash balance of $124,198.10 in the general checking account was reconciled with statement furnished by The Merrill Trust Company, verification of subsequent deposits and count of cash on hand at date of audit.

Other assets were reviewed to determine their correctness. Lists of unpaid accounts were reconciled with recorded balances.

LIABILITIES

Insofar as could be determined, there were no current liabilities.

RESERVES AND SURPLUS

A reserve for possible losses in taxes receivable is being maintained.

Balances carried forward totaled $118,619.77. This amount is comprised of the following accounts: Traffic Light $500.00, Civil Defense $417.38, Mayo Memorial Hospital Funds $16,267.85, Warren Home $2,749.02, Lincoln Street Sewer $1,224.16, Sewerage Survey $3,200.00, Main Street Construction $5,500.00, Highway Equipment $7,127.94, Education $40,864.41, Academy Gymnasium $35,522.24, Sebec Lake Area Development $1,000.00, Group Life Insurance $520.46, Dutch Elm Disease Control $571.40, Health and Accident Insurance $21.42, Industrial Development Committee $1,976.99, Civil War Centennial $200.00, Parking Area $1,000.00, less $43.50 overdraft on New Cemetery Extension.

The unappropriated surplus of $45,449.82 reflects a decrease of $3,852.88. This decrease is due principally to appropriations from this account. Analysis of this account is shown on Exhibit E of the accompanying report.

SCOPE OF AUDIT

Town Clerk's records were examined, insofar as pertained to the financial operations of the Town.

Treasurer's receipts and warrants were test checked to determine accuracy of recorded transactions. Cash receipts were reconciled with bank deposits and warrants reconciled with bank charges.

The 1961 assessment of property and poll taxes was proved and compared with list committed to the collector. Copies of excise tax receipts were reviewed and test checked with amounts remitted to the treasurer.

Matured tax liens and subsequent assessments were transferred to the tax acquired property account.

Recorded transactions in tax acquired property were examined.

Trust fund resources were examined and transactions in trust fund balances were recorded.

In our opinion, subject to the foregoing comments, the accompanying exhibits and schedules fairly present the financial condition of the Town as of December 31, 1961, and the results of its operations for the year then ended.

Town Clerk's Report

During the year 1961 this office recorded 250 Births, 93 Deaths, and 73 Marriages. Many of the births recorded were not resident families but due to the fact that Dover-Foxcroft has a hospital, many cases from surrounding towns are cared for here. The first child born in Dover-Foxcroft in 1961 was Cindy Marie Edgerly, January 2, 1961.

There were 782 resident fishing licenses sold, 225 combination licenses sold and 578 hunting licenses sold, which indicate that many people are interested in this form of recreation. Many non-resident licenses are sold in town, but not from this office.

We recorded 616 chattel mortgages, and issued three Christmas certificates during the year, and it is of interest that very few mortgages are ever discharged.

Bounty was paid on 31 porcupines, 351 Dog licenses were issued and 386 children licensed their bicycles.

A great many copies of Birth, Death, and Marriage certificates were issued at this office during the year, and several hundred telephone calls about the above items are received.

During the summer it is of interest that many out of state visitors browse through our old records back to 1830 looking for former relatives. We are sorry that our records in these old books are very incomplete, due to the fact that in those days laws about recording were very lax.

Respectfully submitted,

CARROLL W. AMES,
Town Clerk

Report of the Warren Home

1962 Greetings! The Warren Home is in its 8th year.

As I prepare this report, I am thinking of the difference there is between a house and a home.

House: A structure for human habitation.

Home: A place where individuals dwell to-gether in domestic affections; a place where vital needs, for living, are met; a place where individuals, living together, contribute to its atmosphere.

We, at the Warren Home, are very happy to have this fine structure, recently "done over" inside and newly painted on the outside. We feel grateful for all the Town Manager, the Selectmen, our Trustees and the taxpayers have contributed in time, effort and support to bring this house into such a fine state. Our part is to make it the peaceful, satisfying abode a home should be, supplying the needs of the individuals who dwell, and will dwell, here.

At present we have nine residents; three paying guests and six permanent members. We have had very little sickness and have enjoyed many happy times together.

We would be glad to have you drop in to visit us.

Respectfully submitted,

VIOLET T. AUSTIN, Matron

Annual Report of the Librarian Thompson Free Library

The circulation continues to show a slight increase. This year a total of 39,792 books and magazines were loaned.

We now have 1,524 adult, and 688 juvenile registered borrowers, besides our visitors and non-residents.

A total of seven hundred and twenty-five books were accessioned as follows: adult fiction, 227; adult non-fiction, 230; juveniles, 268.

Gifts of books have been received this year from Robert Eastman, Erminie Steeves, Celeste Betts, Mildred Preble, Mrs. Johnson Haines, Margaret Dow, Mrs. Delbert Whittier, Linnie Higgins, Mary Grant, Mildred Hewett, Cheryl Plummer, Annie Linn, Mary C. Kimball, Mrs. Thorndyke Chase, Ira Campbell, Fernald Richards, Julia Glover, Athena Club, Mocutoc Club, and in memory of Dudley Goodwin, Sr.

Forty-two adult, and seven children's magazines, four daily, and two weekly newspapers are available to our patrons.

Members of the staff and the executive board attended the State Library Round-table in Orono in June.

The Library has had new electric wiring done this year, which is a preliminary step toward improved lighting.

A display cabinet has been built in the vestibule, book shelves built in the lobby for displaying new books, and shelves in the basement for housing the bound volumes of The Piscataquis Observer.

You are invited to visit and use your library, which is open daily except Sunday from one to eight P.M.

Respectfully submitted,

DORIS ZILINSKY, Librarian

Nurses' Aides Salaries	27,439.66
Social Security	3,110.79
Unexpended Balance, Dec. 31, 1961	$ 12,082.89

A review of the above report shows a small decrease in the total number of patients treated and a drop in the daily average of patients. This may be accounted for by a decline of about 20 percent in maternity patients due to a full year of operation of the Milo hospital and the decreasing number of Air Force families in town. A further factor is the relaxing of rules requiring overnight stays for diagnostic X-rays.

Total receipts went up by approximately $10,000, expenditures were up approximately $13,000. These were partially a result of the following items: medical and surgical supplies up $4,000, extra laboratory help and equipment up $3,000, repairs to facilitate drainage in basement of wing approximately $1,000, new private room construction, painting, and two new bathrooms about $1,500, and new anesthesia machine, $1,000.

Accounts receivable are up approximately $4,500, perhaps reflecting the economic climate of the area this past year.

Unexpended balance as of December 31, 1961, was $12,082.89, down $3,749.64 from last year.

Donations this year included $300 from the Mocutoc Club towards the new pediatric ward, $125 from Stowell-MacGregor, and a most generous gift for furnishings in the new private room from Mr. and Mrs. Walter J. Mayo.

Our trustees, Mrs. Weatherbee, Miss Doore and Mr. Meisner have been most diligent and helpful in the management of your hospital. To them, the Nursing, Medical and Housekeeping Staff, go my heartfelt thanks.

Respectfully submitted,

ISOBEL M. CURRIE, R. N.
Superintendent
Mayo Memorial Hospital

Report Of School Nurse

To the School Committee and Joint Board, I hereby present my School Health Program Report for 1961.

As of June 30, 1961, the Piscataquis County Tuberculosis and Health Association was dissolved and an independent school health program was instituted for the Dover-Foxcroft School Union. The goal was to have a better, more effective school health program with more consistent coverage and closer contact with the teachers and parents.

Starting in September, physical examinations were given to all pupils at Foxcroft Academy; cards were sent to parents when conditions needing attention were found. A total of 131 cards were sent to parents. The majority of defects (112) were notifying parents of enlarged tonsils, the need for dental care, or of wax impactions in the ears. Of the remaining 19, 5 had high blood pressure, 4 low blood pressure, and 10 heart murmurs. Follow-up visits were made to those homes were they necessary.

Flu shots were offered to the pupils of Foxcroft Academy this fall; many parents took advantage of these low cost immunizations.

Polio booster shots will be offered in the spring.

Audiometer testing will be done to all pupils at F.A. and follow-up visits made as necessary.

After completing the examinations at Foxcroft Academy, Dr. Taylor started the physicals at the Dover-Foxcroft Elementary Schools in November. As of this date, the examinations are not completed, but the same pattern in defects is evident. Most of the cards are reporting defective teeth and enlarged tonsils. Follow-up visits are made as necessary.

Audiometer testing has been done all through the elementary schools. All pupils found to have a hearing loss were referred to their family physicians or to clinics for the hard of hearing.

Eye testing was done by the nurse on the teacher's request. Glasses have been secured for several needy children. Flu shots were offered to the pupils and teachers in the elementary schools. Nearly 550 shots were given.

Diphtheria-tetanus shots will be given in the spring, as will polio and small-pox vaccine.

Impetigo and pediculosis were bothersome during September and October, but thanks to the co-operation of the parents and teachers these were soon under control.

Home visits are made for many reasons. Very few weeks go by that there are not several visits made for one reason or another. The co-operation of the parents is greatly appreciated by the nurse as she makes these visits.

"A healthy child in a healthy environment" is the aim of health workers and educators all over the country as it is also the aim of our local program. We are always ready to assist with any health problems.

I want to commend the School Committee and the Joint Board for their sincere interest in the school health program, and to thank them for their co-operation.

Respectfully submitted,

EILEEN BONSEY, R.N.
School Nurse

Report Of Public Health Nurse

Maine Department of Health and Welfare
Division of Public Health Nursing, Bureau of Health

Annual Report of Public Health Nursing Services
in Dover-Foxcroft for the Year 1961

The general purpose of public health nursing is to help people and the community as a whole to achieve and maintain optimum health. Your public health nurse carries out this purpose by giving preventive, therapeutic, and rehabilitative services to individuals and families in their homes; through health services in schools; and through organized community programs for prevention of illness and promotion of health.

A summary of public health nursing services given in the town of Dover-Foxcroft during the year 1961 follows:

Three child health conferences were held this year sponsored by the Nurses' Guild with a total attendance of fifty-four children. Physical examinations were given to infants and preschool children by the attending physician and a series of immunizations against diphtheria, whooping cough, tetanus and polio was also offered. Smallpox vaccinations were given when requested by the parent. It is hoped that these conferences will be resumed earlier this year as they are a means of promoting good health in the community.

Home visits have been made to expectant mothers, infants, preschool children, adults and geriatric cases. The number of families carried in Dover-Foxcroft is one hundred forty, consisting of approximately two hundred fifty-five cases on service at the end of the year. Most of the preschool home visits have been for health supervision. Visits were also made for hearing

and speech problems, cardiac cases, crippled children and Services for the Blind. Adult and geriatric visits have included cardiac and tuberculosis cases, Services for the Blind and health supervision.

When requested by the family physician, referrals have been made to Cardiac, Pediatric, Orthopedic, Mental Health and Hard of Hearing Clinics. These clinics are for consultation and medical care and the public health nurse follows these cases to help arrange for appointments and to interpret clinic recommendations.

I would like to thank the town officials, physicians, the volunteers at the child health conferences and all others who have in any way helped to promote better health in your Community.

Respectfully submitted,

MISS HILDA R. BUKER, R.N.
Public Health Nurse

Recreation Program

Dover-Foxcroft Community Association

To the citizens and Selectmen of Dover-Foxcroft, we present a brief report on the work and activities of the Dover-Foxcroft Community Association for the year 1961:

The recreation program is divided into two parts: Summer Program and Winter Program.

The Summer Program consisted of eight weeks of organized and supervised activities, consisting of Playground, Baseball, and Softball.

The playground program consisted of volleyball, softball, and special activities such as Junior Olympics and roller skating. Swings, slides, and a merry-go-round were also available for anyone wishing to use them. This part of the summer program was under the supervision of two instructors.

The baseball program consisted of four groups: Pee Wee Baseball, aged 6 through 10 years; Little League, aged 11 through 13 years; Babe Ruth Baseball, aged 14 through 16; and Girls' Softball, aged 10 through 14 years. These groups were supervised by three instructors, showing fundamentals and organizing games between teams of each group and with other towns.

Our Winter Program, which is still in operation, consists of Friday evening programs for the Junior High School students, and Saturday evening for the Senior High School students. These are both supervised by a director and chaperones for the period of November 1st through May 1st. The program consists of dancing with music furnished by records; a game room having ping-pong, pool, and other games. The

Winter Program has been supplemented by the addition of Square Dancing and golf lessons for adults. Plans are now being made to have adult recreation one night a week at the new Foxcroft Academy gymnasium.

We wish to express our sincere thanks to the service clubs, church groups, other clubs, parents, students, Selectmen, and Town Manager, who have contributed so much toward making this program a real success during the past year.

Respectfully submitted,

SKIP SUTHERLAND, Director

Police Department Report

To the Citizens of Dover-Foxcroft, Maine:

During the past year, our calls have increased a great deal, an increase from 388 of last year to 515. This has resulted in more time spent on investigating these calls, but we feel that no matter how small they may be, they should be looked into.

Dogs are still causing an increase in calls, an increase from 30 to 42. We have two constables who are doing a very good job of helping us in regards to dogs. They are Everett Hall and George Shaskan.

During the past year I was sent to the Municipal Police School in Bangor for two weeks. This is sponsored by the Maine Municipal Association. Classes were conducted by the F.B.I. and Veteran Officers from other Departments. It was a very fine school and I hope that others may be able to attend in the near future.

We are very fortunate to have the assistance of other Departments during our off hours and during working hours, it is a tremendous help and saving to the Town.

Respectfully submitted,

GERALD H. GREEN,
Chief of Police

WILLIAM FAIR,
Police Officer

Report Of School Physician

It has been a pleasure this year to work with your children. All pupils were scanned at the opening of the school year for any signs of infectious or contagious diseases.

In the Academy as well as the Grammar School, all athletic participants were examined. At the Academy, all students were examined in anticipation of the physical education program. As has been the practice in previous years, every other grade in the elementary and grammar schools has been examined. Preventive health measures of vaccination and immunization will be offered to all students this year. Some of the shots will be on a cost basis as funds are not available for a total program.

This year flu vaccine was administered on a voluntary basis to most of our students. Naturally statistics are incomplete at this date, but all the teachers report a marked decrease in absenteeism, particularly in the elementary grades. I believe this is well worth repeating next year. To date, there have been no epidemics and I personally feel that the general health of the average child is very good.

Respectfully submitted,

PAUL D. TAYLOR, D.O.

Report Of Supervisor Of Music

To: Frederick L. Mossler, Superintendent of Schools, and the Board of Education

It is a pleasure to make this report because I can truly state that music has moved forward in all of its branches.

In the grades, the level of note reading and sight singing, of ear training, theory knowledge and skills is higher than a year ago. Miss Crockett carries on a fine classroom program in grades 7 and 8 and accompanies the glee clubs of the Grammar School. Grade 6 has a glee club of 40 this year. They sang at the Christmas program and will do a scene from "Snow White and the Seven Dwarfs" at the "Telephone Hour" on March 17.

The interest in bands and glee clubs has grown also. Fifty-three students started new instruments this fall. They performed for their parents and friends at the PTA meeting in December. They are now a part of the Grammar School band which numbers 136. The advanced members of the band have played at basketball games and at the Christmas concert. The entire band will play at the Grammar School music program on March 17 at Central Hall and will take part in a Grammar School Band Festival to be held in Greenville early in May. Memorial Day will bring them out again in full uniform.

There are 90 in the Grammar School Glee Club. They are singing 3 and 4 part music. They will participate in the "Telephone Hour", singing 3 and 4 part chorus and a repertoire of folk and popular songs in a part of the program called "The Old Family Album".

On the second Saturday in May, they will go to Bingham and sing at the Eastern Maine Audition Festival. They will perform again at final assembly.

The Academy Band has fifty members and is now

playing music published for Class B bands. This means for bands from high schools with a school population of from 700 to 1,000 students from which to draw musicians. (Class A bands come from schools having over 1,000 population.) Their music reading ability, their skill in playing and precision in marching has improved nearly 100% over a year ago. They are a credit to their own interest and industry and to the fine leadership and expert teaching of Mr. Thorne. Many citizens enjoyed their performances at the fall football games and they added much to the spirit of the school. Besides the Christmas program, they have done a fine exchange program with Winthrop High School, performed at the Pop Concert on February 14th and will take part in the Eastern Maine Festival at Bingham in May. Memorial Day is the last big event of this year.

The glee clubs are as follows: mixed chorus of 65, girls' chorus of 60, 10 "Blue Belles" and 11 "Shamrocks" (small girls' ensembles) and one informal group of seven boys. Their performances include the Christmas concert, the exchange program, the Pop Concert and the Eastern Maine Festival. The "Blue Belles" performed on TV at Christmas time and furnished music at the commencement exercises last June.

This year is especially busy for the music directors and for the Foxcroft Academy Band Boosters group. The All State Concert Festival (April 4-8) is being held here. It is a big event musically and we are proud to have our school represented by four band members and eight chorus members. 495 students have been accepted and will be housed and fed here for the duration of the festival. Citizens will want to assure themselves of seats at the concerts on Saturday, April 8, at 2:30 P.M. and at 8:00 P.M. at the Foxcroft Academy auditorium. I have no words to express my appreciation of the cooperation of the school officials,

Music Boosters and citizens. This is the 10th All State Festival and the first one to be housed entirely within one town. The president of the Boosters, Mrs. Dorothy Ruksznis, and her committee are entirely efficient and function smoothly and speedily.

The music department is delighted to accept two new pianos this spring. The Miosac Club is presenting a piano to the Academy for its new auditorium. Plans have been made to dedicate this piano at a recital on March 27. A concert pianist is available on that date and will give a program to the entire student body. The Miosac Club will be guests of honor and will be privileged to invite guests to hear the concert. Following the concert, the girls of the music department will serve light refreshments to the Academy guests and concert artist.

Only today I was informed of the gift of a new piano to the Elementary School for the all-purpose room. The Junior Cosmopolitan Club is the donor of this wonderful gift. So recently did this information reach us that we have not had time to arrange for a program of acceptance but will do so as soon as possible.

I would remind you again that the daily work of the grade teacher is a tremendous factor in successful music development. I want to thank the grade teachers for their cooperation, likewise the principals and the superintendent. A professional atmosphere is the only one in which any educational department advances.

Respectfully submitted,

LILLA R. ATHERTON,
Music Supervisor

Dover-Foxcroft School District

1961

THIRTEENTH ANNUAL REPORT OF TRUSTEES

To the Municipal Officers of the Town of Dover-Foxcroft:

During the year, no condition of the District property requiring direct action on the part of the Trustees has come to our attention. The property of the District is being maintained by the Superintending School Committee and is all in usable condition. Installation of sprinkler systems in the Pleasant Street and Mayo Street schools was completed during the year, necessitating the borrowing of $6,000.00, which debt will be amortized over the next three years.

The report of the auditor has not yet been received. However, it will show cash on hand as of January 1, 1962, of $31,836.96 and long term indebtedness outstanding as follows:

2% Bonds of 1950	$ 56,000.00
2⅛% Bonds of 1950	20,000.00
3% Note of 1955	1,500.00
4¼% Bond of 1956	150,000.00
3.30% Notes of 1958	18,900.00
3.25% Notes of 1961	6,000.00
	$252,400.00

Cash on hand as of January 1, 1962, is budgeted for 1962 as follows:

Note and Bond Principal Reduction	$ 22,200.00
Interest on Bonds and Notes	8,669.15
Treasurer's Bond and Salary	360.00

Miscellaneous	607.81
	$ 31,836.96

WILLIAM G. GLOVER
HALE G. STANLEY
E. EUGENE GAMMON
GEORGE W. WARREN
STUART E. HAYES
Trustees

Superintendent of Schools Report

To the Superintending School Committee and Citizens of Dover-Foxcroft:

Since my last report, there have been four changes in the elementary faculty. Only one of these changes was anticipated. Mrs. Ola Blood retired in June. Later in the summer, Mrs. Mildred Pratt decided to retire. In addition, Mrs. Joyce Howard resigned to accompany her husband and Miss Edna Littlefield accepted a position as English teacher in the Piscataquis Community High School. Mrs. Blood and Mrs. Pratt taught forty-one and thirty-two years respectively in Dover-Foxcroft. It is regrettable that we no longer have them with us.

Mrs. Hope Brown, a graduate of Boston University, is teaching language arts and art in the Grammar School. She has had three years of teaching experience, one year in grammar school and two years in Union High School.

Mr. Bae Powers, a graduate of Farmington, is teaching mathematics in the Grammar School.

Mrs. Margaret Shaskan, a Farmington graduate, was hired to teach the second grade, replacing Mrs. Blood. Mrs. Shaskan has had one year of experience in Dexter.

Mrs. Mary Foss replaced Mrs. Pratt. Mrs. Foss is a graduate of Farmington and has five years of teaching experience in grades four and five.

The enrollment in the grades has decreased for the first time in many years. At the beginning of the school year there were 39 fewer pupils registered than at the same time last year. However, there has been an increase of 28 since the opening of school.

There have been some major repairs to the buildings during the year. A new stoker was installed in the Pleasant Street building to replace one that had com-

pletely worn out. The New Elementary School was painted on the outside and, as is customary, some rooms were completely redecorated at Pleasant Street. In addition, the gymnasium was repainted at the Grammar School. This job was quite time consuming and required the use of a spray painting outfit. There are thirty-one classrooms in the four buildings and it is imperative that four or five are redecorated each year.

The budget for the ensuing year is larger than that of last year, due primarily to salaries, transportation and books and supplies. In spite of the increased budget, the amount to be raised by the Town is considerably less than the amount raised last year. The balance is larger than a year ago, there is additional state subsidy and we are anticipating enough pupils under P.L. 874 to qualify for Federal subsidy.

The following tables show a comparison of subsidies, town appropriations and total expenditures since 1956. The amounts raised by the Town and the expenditures are for elementary schools only and do not include Physically Handicapped and Adult Education accounts.

	State Subsidy	Raised by Town (Gen. Fund)	Expenditures	F.A. Contract
1956	$ 58,396	$ 72,280	$128,900	$ 52,719
1957	73,382	77,765	144,694	57,202
1958	73,336	75,816	158,576	62,042
1959	87,240	87,618	174,134	71,407
1960	87,240	87,590	190,197	75,882
1961	109,126	86,269	198,050	104,625
1962	$125,143 (anticipated)	$ 75,962 (requested)	———	$108,201 (requested)

The Foxcroft Academy contract figures show a large increase each year as the state subsidy is not applied to their contract.

The following amounts are recommended by the

Superintending School Committee to carry out the operation of the schools for the ensuing year:

General Fund	$75,962.00
Physically Handicapped	800.00

Respectfully submitted,

FREDERICK L. MOSSLER,
Superintendent of Schools

Report Of Elementary Supervisor

To the Superintendent, Superintending School Committee and Citizens of Dover-Foxcroft:

In my report last year, I stated that the results of our testing showed that arithmetic computation needed some attention. Through special attention to that need, we were able to raise the grade level of arithmetic computational skills in all grades by five months. At the same time this was accomplished, we have maintained our grade levels in all other phases of the arithmetic program.

We expect some marked changes in arithmetic curricula in the near future. With this in view, ten of our teachers took a course in "Newer Practices in Arithmetic" in the Fall, and at the present time a committee is working on the selection of a new series of arithmetic books, which present new ideas along with the traditional.

In the light of all the attention given reading lately, it seemed logical that we next examine this area of our curriculum. Ever since Mr. Flesch announced that "Johnny" couldn't read, many parents have been concerned lest their child should be the "Johnny" referred to. The attention this focused on schools in general and reading in particular, is considered a healthy situation by educators, but many people have been led to believe that all reading courses should adopt these so-called "newer practices", regardless of how successful the present program may be.

I have recently visited a school system where several of these experimental programs are in operation to see what contributions one or more of them might make to our present system.

The Newcastle visual reading program seems to be most successful with slow learners. The Economy system, or Phonetic Keys program, places emphasis on sight and sound in the reverse order. However, it appears to have an important by-product in improved spelling. The S R A Reading Laboratory is an individual reading program to enable pupils in the same grade to read each on his own level. There are certain elements of these programs which can be used to strengthen some phases of our reading curriculum.

Our testing program includes a battery of achievement tests administered early in the Spring for the purpose of identifying strengths and weaknesses in both individuals and subject areas. With this information plans can be made to improve our present offerings. This year we are planning to give two such tests, instead of one, so that we will have a basis for comparison.

Although our major study this year has been on our reading program, we also felt the need for improvement in the materials we are using in science. This field is changing so fast in this age of automation, computers, and space travel, that textbook companies find it difficult to keep up. Many of our science books were outdated and at some levels we had none in classroom quantities. Therefore, we have recently ordered — to be delivered as soon as they come off the press — the latest text on science, health, and safety. I feel that these books will greatly strengthen the science program.

We were very pleased with the enthusiastic reaction of parents to the parent-teacher conference held during American Education Week. 91.2% of the parents of elementary school children accepted the invitation to visit school and get a more complete picture of their child's progress than is possible from a

report card. A second such conference is being contemplated later in the Spring, when this year's test results are available.

Respectfully submitted,

CEDRIC A. HEWES,
Elementary Supervisor

Report Of Foxcroft Academy

To the Joint Board of Foxcroft Academy:

I hereby submit my fifteenth annual report as Principal of Foxcroft Academy.

The fall semester opened on Tuesday, September 5th, with an enrollment as follows:

	Boys	Girls	Total
Class of 1965	58	61	119
Class of 1964	32	43	75
Class of 1963	27	48	75
Class of 1962	28	34	62
Post Graduates	1	0	1
Total Enrollment	146	186	332

Faculty of Foxcroft Academy 1961-1962

Roland M. Zwicker Caretaker

Four new members have been added to our staff this fall, a condition that was brought about by three resignations and a death. Mr. James Howard resigned in May in order to attend graduate school at Vanderbilt University. We are fortunate in filling his place by hiring Mr. Benjamin Sandler, a 1961 graduate from Bowdoin College. Mr. Sandler is teaching English and coaching dramatics. Mrs. Gwendolyn Trefethen, who had taught French and Latin at Foxcroft Academy for twelve years, resigned in order to accept a similar position at Traip Academy. Her place has been filled by Mr. Clayton Bennett, who is also a Bowdoin graduate. During the week preceding the opening of school, Mr. Albert Hackett resigned to accept a position at East Millinocket, leaving us without a guidance director. The guidance position will not be filled until next spring or early summer. In lieu of a guidance person, we were fortunate in securing the services of Mr. John Boomer, who teaches the classes formerly taught by the guidance director plus several more classes which we were forced to schedule because of the increase in

our enrollment over the preceding year. The fourth change was brought about by the sudden death of Mrs. Sybil Grindle, who has headed our mathematics department for the past fourteen years. The sudden loss of Mrs. Grindle has disrupted our program and caused us to make a number of changes that were difficult to schedule. From October 30th until January 31st, Mrs. Tressa Peabody ably filled the vacated position on a substitute status. On February 1st, Mr. Richard Kinney, a mid-year graduate from the University of Maine, took over the mathematics classes as a full time teacher.

The student body has grown from 281 as of September, 1960, to 332 as of September 5th, 1961, an increase of 51 youngsters in one year. Next fall, the projected enrollment will be at least 350 with an entering class of approximately 100 against a graduating class of 62. Carrying this projection forward for the next three or four years, it would appear safe to predict that our average enrollment will be between 375 to 400 students. We shall have to be prepared to hire two to three more classroom teachers, to increase the budgetary requirements for textbooks, supplies and school furniture. The present building can easily house 375 students and with the addition of the gymnasium ample space for future development is assured for any forseeable growth beyond 400. It may be necessary, however, to speed the completion of classroom areas provided for in the gymnasium addition.

We have been delayed in our start of the physical education classes because of unforeseen problems with the roof. These in turn have delayed the laying of the floor, the installation of bleachers and the erection of basketball backboards. We hope that by the time you read this article that these delays will have been overcome and that our program will be well underway.

Again I want to emphasize the increased pressures

that are constantly being brought to bear upon academic achievement by society. The philosophy of learning for the sake of learning, of being able to achieve on a regional and a national scale is having its effects on all of us who are connected with education. We cannot afford to allow our children to grow physically and not mentally. With a high school diploma mandatory to-day for practically any type of permanent employment, with better than 50% of every graduating class continuing their education beyond the 12th grade, and with college and post-graduate school enrollments at 4,000,000 people and expected to double by 1970, parents and educators, are faced with a tremendous problem. We must drive for academic excellence if we hope to have our children compete with those of the rest of the country. The main task of the child while attending the Academy must be to study and to learn. He cannot spread himself so thin that his academic chores come secondary to his part-time job or to the social obligations of his fraternal club, important as these may be. A proper balance has to be found between the study time and his play time and work time. No one but the parent can assume this duty. To do otherwise will find the student mid-way through his last year of school "all dressed up with no place to go."

Finally, a few more words concerning the gymnasium. At long last Foxcroft Academy should be able to offer its students a complete educational program. We can give our boys and girls an opportunity to meet as a school for assemblies, to hold basketball practices under normal conditions, and to have assigned areas specifically designed for dramatics and music. We hope that the results of the health and physical education program in particular will be of such value that the carry over effects will be noticeable in the community. I am sure that I speak for both the student

body and the faculty in thanking all those trustees and individuals who have made specific donations and to the citizens of the town of Dover-Foxcroft for their efforts in bringing this new building into being. It will pay for itself many times over.

To the faculty, to the Superintendent of Schools, to the Joint Board of Foxcroft Academy, and to the parents and citizens of Dover-Foxcroft, I wish to express my thanks for your loyal support and assistance in helping us to meet the educational needs of this Academy. Your continued interest and assistance is welcomed and solicited, because education is not a job for the schools alone but one belonging to all the people.

Respectfully submitted,

TILLSON D. THOMAS, Principal

Budget Committee Report

1962

The Committee strongly recommends passage of Article 18 in the Warrant, which would abolish the Budget Committee and substitute therefor, an Advisory Committee which would consider all matters included within a Town Meeting Warrant, rather than just budgetary items. It is further recommended that such Committee inform itself regarding the usual Town budgetary items throughout the year rather than just prior to the annual Town Meeting, for obvious reasons.

The Committee also recommends passage of Article 19 in the Warrant, which would direct the Planning Committee to provide guidance in the gradual development of the Sebec Lake recreational area.

The Committee has held six meetings including the public meeting. It has seriously considered each budgetary item in the Warrant, and in its judgment the sums it recommends for these items are adequate to provide the services which the citizens of Dover-Foxcroft desire, need, and for which they can pay.

The Committee recommends a budget of $362,030.-50 for 1962, which would retain the 1961 36 mill tax rate based on the 1961 property valuation. Any appreciable increase in this total budget figure would require an increase in the tax rate.

The Committee appreciates the time, effort and patience given by the Board of Selectmen, Town Manager, Joint Board of Foxcroft Academy and Principal, and the School Committee and Superintendent.

WARRANT

To Laurence A. Peabody, a Constable of the Town of Dover-Foxcroft, in the County of Piscataquis, and State of Maine, or any other Constable of said Town.

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Dover-Foxcroft in said County and State, qualified by law to vote in Town affairs, to meet at Central Hall in said Town on Monday, the twelfth day of March A.D. 1962, at nine forty-five o'clock in the forenoon to elect a Moderator to preside at said meeting, for the election of all Town Officers for the ensuing year as are required by law to be chosen by secret ballot, and to act upon such other articles as may be placed upon the secret ballot; and at seven-thirty o'clock in the afternoon to act upon the following articles, viz:

Art. 1. To act upon the report of the Town Officers as printed.

Art. 2. To see if the Town will vote to raise and appropriate a sum of money for administration of town affairs during the ensuing year as follows:

	Budget Committee Recommendation
A. Town Office	$ 5,200.00
B. General Government	11,400.00
C. Central Hall	3,700.00
D. Elections	400.00
E. Clerk & Treasurer	400.00
F. Assessing	2,500.00

Art. 3. To see if the Town will vote to raise and appropriate a sum of money for protection of persons and property as follows:

	Budget Committee Recommendation
A. Police Department	$ 3,500.00
From Meters	5,000.00
B. Police Car	1,750.00
C. Street Lights	5,554.00
D. Fire Protection	1,300.00

Art. 4. To see if the Town will vote to raise and appropriate a sum of money for Health & Sanitation services as follows:

	Budget Committee Recommendation
A. Public Dump	$ 1,500.00
B. Sewer Maintenance	700.00
C. Board of Health & Vital Statistics	100.00
D. Sewer Construction	1,000.00
E. Warren Home	5,500.00
F. Mayo Memorial Hospital	0.00

Art. 5. To see if the Town will vote to raise and appropriate a sum of money for the support of poor as follows:

	Budget Committee Recommendation
A. Town Poor	$ 13,000.00
B. Aid to Dependent Children	3,500.00
C. Surplus Foods	1,000.00

Art. 6. To see if the Town will vote to accept the provisions of the State Law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for Roads, Highways, and Bridges, as follows:

	Budget Committee Recommendation
A. Highways, General	
From Excise Tax	$ 24,800.00
B. Snow Removal	22,000.00
From Excise Tax	4,000.00
C. Surface Treatment	6,000.00
D. Street Cleaning	1,400.00
E. Sidewalk Construction	500.00
F. State Aid Construction	4,776.00
G. Highway Equipment	5,000.00
H. Main Street Construction	4,000.00

Art. 7. To see if the Town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School Scholars.

Art. 8. To see if the Town will vote to raise and appropriate a sum of money for school and education as follows:

	Budget Committee Recommendation
A. General Fund	$ 75,962.00
B. Handicapped Children	800.00
C. Adult Education	0.00
D. High School Tuition	108,201.00

Art. 9. To see if the Town will vote to raise and appropriate a sum of money for the maintenance and care of Cemeteries as follows:

	Budget Committee Recommendation
A. General Care	$ 3,000.00
B. Veterans Graves	300.00

Art. 10. To see if the Town will vote to raise and appropriate a sum of money for the following accounts:

	Budget Committee Recommendation
A. Thompson Free Library	$ 4,800.00
B. General Insurance	3,700.00
C. Fairgrounds	400.00
D. Civil Defense	400.00
E. Sebec Lake Beach Property	900.00
F. Agriculture Club	75.00
G. Maine Publicity	200.00
H. Memorial Day	175.00
I. Abatements	500.00
J. Chamber of Commerce	500.00
K. Social Security	1,800.00
L. Dutch Elm Disease	400.00
M. Group Life Insurance	1,000.00
N. Recreation Program	1,800.00
O. Pine Blister Rust Control	200.00
P. Life Guard	300.00
Q. Industrial Committee	1,000.00
R. Off Street Parking	1,000.00

Art. 11. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the Town for temporary loans and long term indebtedness as follows:

	Budget Committee Recommendation (From Surplus)
A. Interest on Bonded Indebtedness	**$ 1,200.00**
B. Interest on Temporary Loans	**1,000.00**
C. Retirement of School Note	**7,500.00**
D. Retirement of Central Hall Note	**2,000.00**

Art. 12. To see if the Town will vote to raise and appropriate the sum of $500.00, the same to be set aside and earmarked as a fund to be ultimately used for the reconstruction of the Lincoln Street Sewer, which extends along Railroad Avenue to the Piscataquis River, via Lincoln Street.

Budget Committee Recommends $500.00

Art. 13. To see if the Town will vote to authorize the Selectmen to sell and dispose of its cemetery lots, and any real estate acquired by the Town for non-payment of taxes, or mortgage foreclosure, on such terms as they deem advisable and execute the proper deeds therefor on behalf of the Town.

Art. 14. To see if the Town will vote to raise and appropriate a sum of money to be used in conjunction with the State Highway Commission in the reconstruction of Main Street.

Art. 15. To see if the Town will vote to raise and appropriate the sum of $23.45 to reimburse Arthur Garnett for taxes mistakenly assessed and collected by the Town.

Art. 16. To see what sum of money the Town will

vote to raise and appropriate for fuel, heating plant and repairs for the Town Garage.

Art. 17. To see if the Town will vote to authorize the Selectmen to purchase land for cemetery purposes, and to raise and appropriate a sum of money for the same.

Art. 18. Shall an ordinance entitled "An ordinance amending Section 4, Article 1 of the Town By-Laws and providing for an Advisory Committee" be enacted?

Art. 19. To see if the Town will direct the Town Planning Committee (a) to prepare a study for the future development of the Sebec Lake recreational area and give an interim report at the 1963 annual Town Meeting, and (b) to prepare recommendations for the control and operation of Sebec Lake Municipal Beach and make a report to the Board of Selectmen on or before June 1, 1962.

Art. 20. To see if the Town will vote to sell that portion of the North Street School lot which abuts North Street, one hundred fifty feet deep, to P. E. Ward & Co., Inc., for the sum of twenty-five hundred dollars ($2500.00) for the purpose of erecting a building to be used as a restaurant, provided that construction thereof shall be commenced on or before June 1, 1962; to authorize the Selectmen to enter into an agreement relative thereto, and on behalf of the Town to execute and deliver the necessary deeds.

Art. 21. To see if the Town will vote to raise and appropriate the sum of $1000.00, the same to be set aside and earmarked as a fund to be ultimately used for the preliminary loca-

tion and ultimate construction of a road from Greeley's Landing to the Bowerbank Town Line.

Art. 22. To see if the Town will vote to appropriate $1000.00 from the Sebec Lake Improvement Fund, to be used in preliminary location and ultimate construction of a road from Greeley's Landing to the Bowerbank Town Line.

The Selectmen hereby give notice that the polls for the election of Town Officers as are required to be chosen by secret ballot, and to act upon such other articles as may be placed upon the secret ballot, will remain open from ten o'clock in the forenoon until seven o'clock in the afternoon, when they will be closed; and the office of Registrar in Central Hall Building will be open at ten o'clock in the forenoon on the seventh, eighth and ninth days of March, A.D. 1962, to receive applications of persons claiming a right to vote.

Given under our hands, this 22nd day of February, A.D. 1962.

TOWN MEETING SCHEDULE
MONDAY, MARCH 11, 1963

9:45 a.m. Meet at Central Hall to elect Moderator, elect Town Officers and act on other articles as may be placed on secret ballot.

7:30 p.m. Meet at Foxcroft Academy Gymnasium to act on articles in Annual Warrant.

TOWN MANAGER & TAX COLLECTOR

At Central Hall

8:30 a.m.—12:00 1:00 p.m.—5:00 p.m.

Saturdays 8:30 a.m.—12:00

Please Bring Your Town Report To Town Meeting

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

TOWN MANAGER'S REPORT

Administration & Financial:

The financial condition of the town remains healthy and sound. The total funds available for operations during the year were $1,070,409.00, the expenditures were $989,282.00 leaving a balance of $81,127.00 at year's end.

The town debt is $173,787.00, with our legal debt limit of $750,000.00. The past few years funds have been appropriated from our surplus account, reducing it each year, so now it is time to make our appropriations for operations, from taxation.

There are too many unpaid taxes. In a few cases there is some excuse, but in most cases it is merely neglect.

This year's local tax commitment was $368,270.16 and was appropriated as follows:

Administration	$ 23,600.00
Protection	12,104.00
Health & Sanitation	8,800.00
Charity	17,500.00
Schools	184,963.00
Highways	48,276.00
Cemeteries	4,750.00
Miscellaneous	19,673.45
Taxes (County & School District)	48,603.71

The assessors are keeping the tax maps and property cards up to date, by having new maps made showing any new divisions in property and making cards for these properties. The Selectmen have given much of their time and a sincere interest to the operation of our town affairs. They held 22 regular meetings and

several special meetings during the year.

Protection:

The law enforcement functions are carried on by two regular and two part time officers, with help from the Sheriff's Department and the State Police. Most of our law enforcement personnel have attended organized enforcement school and are well trained in their duties. Our safety record is very good, but it is the duty of each and everyone of us to do his part to maintain this record.

The deep snow of this year has multiplied many of the driving hazards that exist along our streets. Some study should be made and action taken to eliminate as many of these as possible.

A basic study was made of our street lighting system along with the lighting for our new Main Street, and some recommendations, for more lights have been made, to increase the night safety on our streets.

Fire protection services are provided by the Water District and our forest fire service in conjunction with the State Forest Service.

Public Works:

The department is comprised of one Supervisor, two Heavy Equipment operators, three Truck Drivers, one Cemetery Foreman, one Sewer Maintenance man, two Light Equipment Operators and Laborers as necessary. While this personnel has been assigned primary duties, they are trained in most all the duties within the department. During the summer months the department maintains streets, roads, sidewalks, bridges, sewers, cemeteries, Sebec Beach and highway

construction. This year road construction was accomplished on the Board Eddy, Foxcroft Center and East Dover Roads. Some tar was placed on the Foxcroft Center Road. Our State Aid Funds were spent on the Lake Road south of Goff's Corner. Several bridges were repaired or rebuilt. Most of our streets were tarred, using 32,000 gallons of tar. Several culverts were replaced and roads graded and some mowing at road side was accomplished. Sewers were constructed on Summer and Mayo Streets, with many other lines being cleaned and repaired.

The car dump was discontinued as it was difficult to keep the debris from covering the East Dover Road.

With each year our cemeteries are being improved and better care furnished.

Miscellaneous:

At the beach, parking facilities were increased, and barriers erected to keep vehicles off the beach proper. This seemed to meet with the approval of most people. During the year we had several calls from Campers for a place to Camp. As there are no developed Camping Sites in this area, many of these people went to other areas.

The White Pine Blister Rust control program was carried on again this year with 125 acres being placed in control areas. There are approximately 510 acres needing attention. Much new White Pine reproduction was found coming into old fields, pastures and cut-over lands.

Respectfully submitted,

LAURENCE A. PEABODY,
Town Manager

AUDITOR'S REPORT

January 30, 1963

Board of Selectmen
Dover-Foxcroft
Maine

Gentlemen:

In accordance with Chapter 405, Section 26, Public Laws of 1957, an audit has been conducted of the financial records of the Town of Dover-Foxcroft for the fiscal year ended December 31, 1962.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and included such auditing procedures as were considered necessary in the circumstances.

The exhibits and schedules, incorporated in this report, present the results of the town's financial operations for the period indicated.

Respectfully submitted,

L. C. NEAL,
Public Accountant

COMMENTS

TOWN OF DOVER-FOXCROFT

December 31, 1961 to December 31, 1962

An audit of the financial records of the Town of Dover-Foxcroft has been completed for the fiscal year ended December 31, 1962.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures. The results are incorporated in the following text, exhibits and schedules pertaining to the financial affairs of the town.

The fiscal year's operations showed that available funds exceeeded expenditures by $3,276.35 per the following summary:

Departmental Accounts, Exhibit D —	
Unexpended	$5,777.75
Less: Overdrafts	2,501.40
	$3,276.35

ASSETS

The cash balance of $81,127.44 in the general checking account was reconciled with statement furnished by The Merrill Trust Company, verification of subsequent deposits and count of cash on hand at date of audit.

Other assets were reviewed to determine their correctness. Lists of unpaid accounts were reconciled with recorded balances.

LIABILITIES

Insofar as could be determined, there were no current liabilities.

RESERVES AND SURPLUS

A reserve for possible losses in taxes receivable is being maintained.

Balances carried forward totaled $83,340.91. This amount is comprised of the following accounts: Mayo Memorial Hospital Funds $21,651.54, Warren Home $2,112.09, Lincoln Street Sewer $1,724.16, Main Street Reconstruction $10,000.00, Highway Equipment $5,-923.95, Greeley Landing Road $1,000.00, State Aid Construction overdraft $3,701.92, Education $40,401-.08, Sebec Lake Area Development $1,000.00, Dutch Elm Disease Control $616.20, Group Life Insurance $57.04, Health and Accident Insurance $14.99, Industrial Development Committee $841.78, Civil War Centennial $200.00, and Parking Area $1,500.00.

The unappropriated surplus of $40,192.36 reflects a decrease of $5,257.46. This decrease is due principally to appropriations from this account.

Appropriations from this account is, in reality, from uncollected tax accounts and other accounts receivable. A continuance of this practice will eventually place the town in an unfavorable financial condition. Obligations, as reflected on Exhibit D of this report, show an amount of $83,340.91; compared to the cash balance of $81,127.44, as shown on Exhibit A, the result is a cash deficit of $2,213.47.

Analysis of this account is shown on Exhibit E of the accompanying report.

SCOPE OF AUDIT

Town Clerk's records, insofar as pertained to the financial operations of the town, were examined.

Treasurer's receipts and warrants were test checked to determine accuracy of recorded transactions. Cash receipts were reconciled with bank deposits and warrants reconciled with bank charges.

The 1962 assessment of property and poll taxes

was proved and compared with list committed to the collector. Copies of excise tax receipts were reviewed and test checked with amounts remitted to the treasurer.

Transactions in tax liens were reviewed. Matured tax liens and subsequent assessments were transferred to the tax acquired property account.

Recorded transactions in tax acquired property were examined.

Accounts receivable originated from current year transactions. The amount of $830.44 is due from other municipalities and the State of Maine for expenditures on charity accounts.

Trust fund resources were examined and transactions in trust fund balances were recorded.

In our opinion, subject to the foregoing comments, the accompanying exhibits and schedules fairly present the financial condition of the town as of December 31, 1962 and the results of its operations for the year then ended.

ANNUAL REPORT OF THE LIBRARIAN THOMPSON FREE LIBRARY

Circulation of books and magazines shows another slight increase this year, with a total issue of 40,825.

There are currently 1,640 adult, and 726 juvenile registered borrowers, plus our visitors and non-residents.

Seven hundred books were accessioned as follows: adult fiction 285, adult non-fiction 239, juvenile 176.

Gifts of books have been received this year from the following: Misses Corinne Johnson, Isobel Buck; Mmes. Julia Glover, Madelyn Betts, Dolores Gallant, Linnie Higgins, Sara Worster, Jenney Leland, Harriet Doore, Thorndyke Chase, Valenteen Buck; Messrs. Norman Jencks, Francis Peaks, Kenneth Field, John Boyle, Athena Club, Kiwanis Club, Antique Research Class, and in memory of Dudley C. Goodwin, Sr.

The interior of the library was redecorated this year. A new display case was built in the lobby, housing the elephant collection presented by Miss Marion Morrison of Salisbury Cove.

A remembrance book has been placed in the vestibule, where books given in memory of loved ones, are suitably recorded.

A series of eight story hours for children was held during the winter months, with the following volunteer narrators: Miss Marion Doore, Mmes. Martha Rollins, Beatrice Gellerson, Caroline Groves, Dorothy Warren, Juanita Drinkwater. Mrs. Gellerson also held a special story hour during Children's Book Week, with record-breaking attendance.

Staff members, and members of the executive com-

mittee of the Library Association attended the State Library Round-table in Pittsfield in June. The library personnel hosted an area meeting for librarians and trustees in October.

You are cordially invited to visit and to use your library, which is open daily except Sunday from one to eight o'clock.

Respectfully submitted,

DORIS ZILINSKY, Librarian

TOWN CLERK'S REPORT

CLERK'S RECORD OR CERTIFIED COPY, PRIMA FACIE EVIDENCE. The State Registrar and the Clerk of a municipality shall not permit inspection of the records of Birth, Marriage and Death. Marriage intentions excepted, or issue of a certified copy of a certificate relating thereto, or to parts thereto, unless he is satisfied that the applicant therefor has a direct and tangible interest in the matter recorded. The decision of the State Registrar or the Clerk of a municipality being subject, however, to review by the Superior Court or any justice thereof in vacation, under the limitations of this chapter. The city and town clerks shall, upon request, supply to any SUCH QUALIFIED applicant a certified copy of the record of any birth, marriage, or death registered under the provisions of this chapter, upon the payment of a fee of $1.00, to be paid by the applicant in advance. For any search of the files and records, where no certified copy is made, the fee shall be $1.00 for each hour or fractional part of the hour for time of search, said fee to be paid by the applicant in advance. The city or town clerk's record of any birth, marriage, or death or a duly certified copy thereof, shall be prima facie evidence of such birth, marriage, or death in any judicial proceeding.

VITAL STATISTICS
For The Year 1962

Town Clerk

TREE WARDEN'S REPORT

In August, eleven elm trees in Dover-Foxcroft and in East Dover showing suspicious symptoms were sampled for Dutch elm disease. Two of these were positively identified as being infected with the disease, and arrangements were made to take these trees down and dispose of them. In addition, at least one other dead elm was cut and disposed of. Two decadent maples on North Street were also removed.

Continued work to keep all elms cleaned of dead branches and to cut and dispose of all dead elms will be necessary to prevent the spread of the bark beetle that carries the Dutch elm disease.

Respectfully submitted,

J. R. LaCASCE

REPORT OF THE WARREN HOME

1963 Greetings!

"Behold, how good and how pleasant it is for brethren to dwell to-gether in unity." Psalm 133:1.

Death has taken one of our members this past year. In her early life, Miss Maude Robinson contributed much to community life in Dover-Foxcroft. Serving as an accomplished organist in nearly every church at one time or another; serving as Librarian at the Thompson Free Library for a number of years, coming in contact with young and old in the pursuit of worship and knowledge, she made many friends. We miss her greatly and are glad we could contribute to her needs in her declining years.

We have nine residents at this writing; four paying guests and five permanent members. All are in comparatively good health. Some are still enjoying club activities and church attendance in spite of physical handicaps. Some are more-or-less confined.

Our holiday remembrances were much appreciated. An item in Slant Magazine reads: "All of us need to have people take an interest in us. This is especially true of the aged. A church women's group sent a lonely old lady a Christmas box of goodies along with a lovely hot dinner on a decorated try. The man who brought the gift was a little surprised when the lady said, 'Tell the kind ladies I thank them sincerely, but tell them it's PEOPLE I want, not THINGS.' " We urge you to come in and visit our ladies; some days are lonely.

Our thanks to the untiring efforts of our Trustees, Edith Dunphey, Hazel Hill and J. M. Harvey in keeping things congenial and convenient while we perform the task of making a home. Also our thanks to our

Town Manager, the Selectmen and the tax payers for their part in helping. We appreciate it all.

With the Lord's help may our Home continue to be a blessing to those who need its ministration.

Respectfully submitted,

VIOLET T. AUSTIN, Matron

REPORT OF SCHOOL NURSE

To the School Committee and Joint Board, I hereby present my School Health Program Report for 1962:

The school health program that was started in this School Union in 1961, is continuing this year. Although a few minor changes and improvements have been made, it is essentially the same program that was set up in the previous year.

Starting in September, physical examinations were given to all pupils at Foxcroft Academy by the school physician, Dr. Taylor. Cards were sent to parents when conditions needing attention were found. A total of 81 cards were sent. The majority of defects (67) were notifying parents of enlarged tonsils, the need for dental care, or of wax impactions in the ears. Of the remaining 14, one had high blood pressure, one had low blood pressure and 12 had heart murmurs. Follow-up visits were made to home as necessary.

Flu shots were offered to the pupils at Foxcroft Academy again this fall. Many pupils who had their series of two shots in 1961 had their booster this fall. Some students who had not previously started their series did so in October. It was felt that pupils who had the flu shots in 1961 were absent less from school with flu-like illnesses the rest of the year than the unvaccinated pupils. Polio Series and boosters are offered each year. There has been some consideration given to offering the Sabin Oral vaccine, but no decision has been reached at this time.

Audiometer testing is done to all pupils in the Union. Follow-up visits are made as necessary.

Dr. Taylor gave physical examinations to all the pupils in the alternate grades of the Elementary Schools. As in the Academy, the majority of cards

sent to parents were for enlarged tonsils, defective teeth, wax impactions. Of the 257 cards sent, 125 indicated the need for dental care. Twelve cards sent were notifying parents of heart murmurs.

Audiometer testing has been done throughout the Elementary Schools. Several pupils have been found to have hearing losses. These pupils have either been sent to Clinic or referred to their own physician for treatment and evaluation of the loss.

Eye rechecks are done as the teachers have requested. Glasses have been secured for several needy children.

Flu shots, series and boosters were offered to the pupils again this year. I would like to thank the nurses and mothers who help me at these large immunization clinics. Without their help, it would be difficult to offer these immunizations to your children. Diphtheria-tetanus and small-pox vaccinations are offered each year.

We continue to have a few cases of impetigo. Thanks to the cooperation of the parents and the watchfulness of the teachers, the spread of this skin disease is well controlled.

Home visits are made for many and varied reasons. Very few working days go by without at least one visit being made, and often entire days are spent in talking with parents, helping them with their health problems. The cooperation of the parents is greatly appreciated by the nurse.

I want to thank the School Committee and Joint Board for their real and continued interest in the School Health Program. Also, I want to thank the teachers whose interest in their pupils makes the schools a healthier, happier place for our children.

Respectfully submitted,

EILEEN BONSEY, R.N.
School Nurse

REPORT OF PUBLIC HEALTH NURSE

Maine Department of Health and Welfare

Division of Public Health Nursing

Annual Report of Public Health Nursing Service

in Dover-Foxcroft for the Year 1962

The purpose of public health nursing is to help individuals and families to apply in their daily lives information that science has developed for healthful living, for correction of physical defects or for convalescence from illness.

The public health nurse participates in such community measures for the prevention of disease as community immunization clinics and child health conferences. The following table shows a statistical summary of the three child health conferences sponsored in your town this past year by the East Dover Extension Group:

CHILD HEALTH CONFERENCE PROGRAM

Attendance, 56; Number children examined by physician, 12; Number Immunized: Diphtheria 21, Whooping Cough 21, Tetanus 21, Polio 27, Smallpox 7.

Many of the services that have been given by your public health nurse do not lend themselves to statistical tabulation. Because of her continuing contact with individuals and families in their homes and in the community, she has the opportunity to act as a health counselor. Every phase of the health program involves her in some way. In her home visiting, she sees the family as a whole. Accurate observation and knowledge of the home situation and family attitudes enable her to better relate her teaching to needs. Activities in-

clude (1) giving or teaching nursing care and rehabilitation care under the direction of the family physician; (2) guidance to parents before and after the birth of their children; (3) interpreting community and State facilities to patients and encouraging them to use these facilities pertinently; and (4) working with other professions and community health groups in studying, planning and putting into action community health programs.

I wish to thank all the people in Dover-Foxcroft who, being concerned with the general health of the community, have given of their time to assist in carrying out the health program.

Respectfully submitted,

MARY C. HAYES, R.N.
Public Health Nurse

RECREATION PROGRAM

Dover-Foxcroft Community Association

To the citizens and selectmen of Dover-Foxcroft, we present a brief report on the work and activities of the Dover-Foxcroft Community Association for the year 1962. The recreation program is divided into two parts: the summer and winter program.

The summer program consisted of eight weeks of organized and supervised activities: playground, baseball, and softball. The playground program consisted of volley-ball, softball and special events such as roller skating, and junior olympics. Swings, slides, and a merry-go-round were available for anyone wishing to use them. The baseball program consisted of four groups: Babe Ruth League (14 through 16), girls' softball (10 through 14), Little League (11 through 13), Pee Wee League (6 through 10). The number of participants in each group is as follows:

Babe Ruth League	16
Girls' Softball	21
Little League	68
Pee Wee League	29
Total	134

The above groups were supervised by three instructors showing fundamentals and organizing games between the teams of each group and with other towns.

The winter program, which is still in operation, consists of Friday evening programs for the Junior High students and a Saturday night program for the Senior High School students. These are both supervised by a director and by chaperones for the period of Nov. 1st through May 1st. Mr. Adrian Sewell is the supervisor of the Junior High School. Both of the

groups are organized and run by a Recreation Center Council composed of students from each grade in the respective schools. The Council takes care of the program and of any action that might need to be taken.

The program consists of dancing with music furnished by records and by a game room having ping pong, pool, chess, checkers, and other games. At the present time, the Senior program has organized a Recreation Center bowling league composd of various teams made up by Senior High students. This league was made possible due to the help the Rocket Lanes has given to the teams.

The Community Recreation Center Committee is setting up plans for the development of two tennis courts for the summer program.

We wish to express our sincere thanks to the service clubs, church groups, parents, students, selectmen, and the Town Manager who have contributed so much toward making this program a real success during the past year.

Respectfully submitted,

JOHN W. BOOMER, Director

POLICE DEPARTMENT REPORT

To the Citizens of Dover-Foxcroft, Maine:

During the past year we have again had an increase in our calls from 515 to 558. Dogs are still causing a problem, this number of calls increased from 42 to 58. We feel that if this situation continues, we will have to make stiffer regulations regarding dogs. Weather conditions have caused an increase in accidents and we caution people to be very careful. During the past year we have been called to make several trips to hospitals both near and far. We again wish to thank the other departments for their fine cooperation during the past year.

Respectfully submitted,

GERALD H. GREEN,
Chief of Police

WILLIAM FAIR,
Police Officer

Grace M. Chase Secretary to Principal
Everett K. Foster Janitor
Francis E. Nuite Janitor
Roland M. Zwicker Caretaker

The 1962-1963 faculty at Foxcroft Academy consists of seventeen full time teachers, two music teachers who serve approximately fifty percent of their time at the Academy, and one secretary. Of the foregoing numbers six are teaching with us for the first time. Mr. and Mrs. David Thombs, formerly of the Millinocket faculty, joined us this fall. Mr. Thombs is teaching mathematics and assisting as a football coach. Mrs. Thombs is teaching French and English. We were able after a two year search to hire Mr. Paul Goss for a guidance director. Mr. Goss is eminently qualified for this position having received his M. Ed. in guidance from Springfield College in 1961. He has taught at Winslow High School and at Pioneer Valley Regional High School, Northfield, Mass. He has serv-

ed three years in the armed service and is fully acquainted with the Dover-Foxcroft area. Mr. Walter Beaulieu was hired to teach our courses in junior business training and problems of democracy and to be head coach of football and baseball. James Steenstra was hired to teach our college preparatory science courses when Mr. Franklin Groves left us to join the faculty of Stafford Springs High School, Stafford Springs, Conn. Mr. Adrian Sewall was hired to teach English, Social Studies and a math. course when our enrollment rose to 352 for the fall of 1962. Next year our pre-registration already indicates we will have a student population of 382, broken down as follows:

Pre-Enrollment 1963-64

Class of 1964 (seniors)	68
Class of 1965 (juniors)	114
Class of 1966 (sophomores)	103
Class of 1967 (freshmen)	95
Post Graduates	2
	382

Because of the continued growth in student population, it will be necessary to add an additional teacher next fall.

Our growth has been rather steady for the past five years but will, we think, level off somewhere between 375 to 400 students, and hold that number for the next few years. A comparison of class size over the past five years is listed for your appraisal.

	1959-60	1960-61	1961-62	1962-63	Projected 1963-64
Freshmen	80	76	117	104	95
Sophomores	67	79	75	114	103

Juniors	66	66	75	69	114
Seniors	70	61	65	63	68
Post Graduates	0	1	1	2	2
TOTAL	283	283	333	352	382

The major innovation in our curriculum for the past year was the establishment of a physical education program for all of our students. This program is designed to fulfill the requirements of the Maine State Department of Education and to meet the physical fitness program outlined by the National Council on Physical Fitness. Those of you who saw the spring exhibition which was put on last year by our boys and girls, realize that physical education is much more than playing basketball and volley ball. Tests and physical examinations are given to all students in school. Any physical deficiency that appears as a result of these evaluations is worked upon by the instructor. Exercises and programs are developed along lines that will strengthen and, in so far as possible, correct the obvious weakness. A definite interest in wrestling has evolved out of the tumbling and weight lifting programs which were started this year. Three matches have been scheduled for this spring with Brewer High School, Winterport High School, and Dexter High School.

Academically we find that our students are doing relatively well in college and in schools beyond high school. The pressures upon our graduates to get into college and to trade schools are often tempered more from lack of finances than from lack of preparation for entrance. Even so, each year we find a larger and larger proportion of our seniors making the supreme try for more education. Often times the interest in further education fails to manifest itself until late in the

junior or early part of the senior year. This fact not only makes more schooling extremely difficult but it limits the types of post secondary education to a specific and/or a vocational program. We therefore firmly stress that all students and parents sit down periodically with us to evaluate the programs and, if necessary, adjust individual subjects to meet specific needs. These conferences usually point out that the difficulties arise not from a maladjusted program of studies but from a conflict of personal interests. All too many students try to carry a heavy academic load that soon conflicts with a "too heavy social and extra curricular" program. "Extras" demand time which often get the parental and public approval to the detriment of the longer range educational objectives. A proper balance must be found and maintained by every student. The main objective of the student from September until June is to study and to learn. No one can learn for someone else; and no one can achieve academically except through "concentrated concentration". Only those students and parents who work to-gether to solve the age old question of what comes first-"books" or "extras" will be ready for entrance into competitive aspects of life in general. Our next and perhaps even more crucial problem is the "drop-out". He or she enters the market pool of unskilled and untrained labor. He has no specific training by which he can compete for a job. More and more companies are training their own personnel **but** before they hire they expect the person to have a minimum of a high school education. It is therefore the duty and obligation of all parents to do everything in their power to prevent any child from leaving high school. It is correspondingly their duty (as well as it is ours) to impress upon their children that an education must be earned by a representative amount of mental effort and an education is

not an achievement that results from mere attendance in school.

Finally may I extend my thanks to all the people who have been connected with the efforts made by Foxcroft Academy in obtaining our new gymnasium. It is not complete in the last detail but it is extremely usable at this stage. We can now offer a complete program to our students in facilities that will compare favorably with the rest of the state. We will try to maintain educational standards of comparable quality.

To the faculty, to the superintendent of schools, to the joint board of Foxcroft Academy, and to the parents and citizens of Dover-Foxcroft I wish to express my thanks for your loyal support and assistance in helping us to meet the educational needs of this Academy. Your continued interest and assistance are welcomed and solicited, because education is not a job for the schools alone but one belonging to all the people.

Respectfully submitted,

TILLSON D. THOMAS, Principal

REPORT OF SUPERVISOR OF MUSIC

To: Frederick L. Mossler, Superintendent of Schools and the Board of Education

When I wrote my 1962 report, the All State Concert Festival was still in the future and our hopes were high for a successful affair. Now it is in the past and our own students and citizens, with those students and guests attending from all over the state are still talking about it as an event long to be remembered. Musically and socially, the 500 students making up the band, orchestra and chorus achieved an all-time high. The guest conductors and state festival officials gave high praise to our parent committees, our school officials, host homes and merchants. Because of the cooperation of the entire community and because so much time was donated by the parents in the music booster group, our financial gain was nearly double that of other towns in the past nine years. The following is an informal report from the treasurer of the music booster group, Mr. George Warren.

$4,255	Net proceeds from 1962 All State	
1,775	Total amount expended to date	
	(Breakdown Follows)	
$345	baritone sax)	
100	upright horn)	
175	baritone horn)	reconditioned instruments
75	trumpet)	for Foxcroft Academy Band
110	tenor sax)	
265	two French horns)	
382	Ascots for marching band, new band hats, braid and knots (shoulder) to repair uniforms	
129	Awards and certificates for Foxcroft Academy Band and Glee Club	
110	For two scholarships to Music Camp in 1962	
84	For 1963 All State participants (partial payment required in advance)	

$1,880	Proposed spending for remainder of 1963 (Breakdown Follows)
$500	for Foxcroft Academy Band room
100	for two partial Music Camp scholarships
200	for senior member of band and glee club scholarship
650	for transportation of music group to New Hampshire for exchange concert
200	for glee club robes
230	for balance due on All State members for 1963

Balance to be left in Treasury — $600

Mrs. Hope Brown is teaching the music in grades 7 & 8. Besides the regular classroom work in part singing and theory, she is carrying on a very interesting program in music appreciation. Grade 7 is taking an "around the world tour" in music, while Grade 8 is concentrating on music in the American Scene from that of the Indians to our own modern classic and popular music. Folk music is a very interesting phase of American music and there is much material available now because of the many professional and amateur folk singing groups and their recordings. As a part of the music appreciation program, Mrs. Brown planned and carried out a trip to Bangor to the Youth Symphony concert. Eighty students and ten chaperones made the trip by bus and found the event most rewarding.

About 30 students started new instruments this fall and are making good progress. They will be heard at a PTA meeting this spring and at the "All City" festival to be held at the Academy Gym on May 25. This is a new venture to replace the trip to Eastern Maine Festival of the past two years.

Since a very colorful football season of marching and halftime shows, the Foxcroft Academy Band has settled down to some serious music, both classical and popular, as was shown at the Christmas and highly-successful Bangor and Foxcroft Academy exchange programs. Its presentation of overtures from Broad-

way shows was an interesting part of the Kiwanis sponsored "Sounds of Broadway", a fine community musical. Such community events, plus the fine work of the Church Choirs of the town, give our students and alumni something fine to anticipate through the years. From March 15 until June, the Foxcroft Academy Band will do an exchange with Madonock Regional High School in Swansea Center, New Hampshire, and will participate in a performance called "All at Sea" at the Foxcroft Academy gym, the proceeds of which will go toward stage lighting. Then, the Band will perform for the All City festival, the Memorial Day parade and furnish music for commencement week.

Credit is due the group which puts in extra time as a dance band. Under Mr. Thorne's able and dedicated instruction, this group is gaining perfection. The hard work in rhythm, phrasing and dynamics, plus the colorful setting, makes this a delight to see and hear.

The grades have proceeded as usual in their musical progress, stressing rhythm, pitch and melody in sub-primary and grade 1. This sets the background for grade 2, where all of our second grade teachers cooperate with enthusiasm and finesse to build a solid foundation in ear training, note singing and elementary theory. Thus prepared, grade 3 goes on to more singing, note reading and theory. This year the music department has provided flutophones for each member of grade 3 throughout the town. They are taught to sing melodies by syllable, then letter names, which they then play on their flutophones. We hope to start simple harmony singing and playing by April.

Grades 4, 5 and 6 do progressively difficult music in unison and part singing and advanced theory. Grade 6 has had a glee club since fall. It numbers about 70, and the group sang at the Christmas program. The members will also sing at the All City festival and

they are learning the choruses of the operetta "Pinafore" to perform with grades 7 & 8. Grade 5 is now in the process of trying out for glee club work, and those chosen will prepare music for the All City festival.

The grammar school glee clubs opened this fall with about 75 members. They prepared the beautiful "Alpine Christmas" which they performed at the Christmas program. They are now working on "H.M.S. Pinafore". The solo and acting parts will be taken by Grade 8 members. This group will sing at the All City festival and will do two numbers when the grammar school exchange with Fairfield takes place here.

We are proud of the progress the Foxcroft Academy vocal groups have made in the quality of music sung and in their quality of performance. To date, they have appeared at Christmas time, the highlight being Handel's Hallelujah Chorus, and at the Bangor exchange concert. In the future, they are performing as an entire group in the New Hampshire exchange here, the "All at Sea" popular concert and the "All City". The varsity choir will sing in New Hampshire and some of the groups will assist with the graduation music in June.

Plans are being made with Mr. Ralph Schoonmacker of Medford, Mass., to be our guest conductor at All City festival. Mr. Schoonmacker is the conductor of an outstanding band, famed for its excellence all over New England. Twice, he has been guest conductor for All State festivals in Maine and in various New England and western cities. He has thorough knowledge of music, has had wide experience, and has a very special personality when working with young musicians. We are fortunate and proud to have him. He is a former Maine resident.

As I respectfully submit this report, let me men-

tion again that much of the success of this music department rests in the hands of the grade teachers. The measure of progress that music has made here since September 1960 speaks eloquently of the very high percentage of dedicated classroom teachers and of the unqualified support of the Superintendent and Board of Education, and the cooperation of the principals.

Respectfully submitted,

LILLA R. ATHERTON,
Music Supervisor

REPORT OF SCHOOL PHYSICIAN

This has been an unusually busy year for the school physician. The continuing increase in school enrollment has naturally meant an increase in service rendered.

In August, 1962, all participants for football were examined prior to practice and recommendations given for any individual weakness. In some cases the individual was refused permission to engage in contact sports for reasons revealed to him, his family and coach. Precautionary measures proved invaluable because with the largest participation in football and other sports, there was just one injury of any consequence.

The addition of our gym and a physical education program is a tremendous boost to our community. The program and competitive sports build strong bodies, healthy minds and develop moral character through teamwork. Statistics show that a young person behind the wheel of an automobile has twelve times the possibility of death or injury he would have had in supervised athletics.

The first day of school in September all elementary and grammar school students were examined for evidences of infectious or contagious disease. Physical examinations were given to students in every other grade as has been the practice in previous years. Due to the compulsory physical education program all Academy students were examined.

In 1961 all students were offered flu shots. This apparently proved so successful in regards to absenteeism that it was repeated in 1962. Routine immunization shots for whooping cough, diphtheria and tetanus will be offered to those students who are eligible. Plans are in the development stage to make oral polio vaccine available to all students.

Respectfully submitted,

PAUL D. TAYLOR, D.O.

SUPERINTENDENT OF SCHOOLS REPORT

To the Superintending School Committee and Citizens of Dover-Foxcroft:

Since my last report, there have been two resignations from the faculty of the elementary schools: Miss Georgianna Crockett resigned to accept a position in Winsted, Conn., and Mrs. Elizabeth Harvey resigned to be at home. These were two excellent teachers who had taught in the system many years, and it is regrettable that they are no longer with us.

As there was no need this year for four divisions of Grade one, Mrs. Clark was moved from Pleasant Street to the Elementary School to replace Mrs. Harvey. Mrs. Deborah Davis, a graduate of Lake Erie College for Women in Ohio, is replacing Miss Crockett. Mrs. Davis had taught one year in Ohio before coming to Dover-Foxcroft. Mrs. Rose Hurston, a graduate of the University of Bridgeport with a B.S. Degree in Education, was secured to teach the additional division of Sub-Primary. Mrs. Hurston has had one year of experience at Southington, Conn.

I would like to call your attention to the present enrollment figures below:

Sub-Primary	116
Grade 1	70
Grade 2	75
Grade 3	89
Grade 4	92
Grade 5	85
Grade 6	70
Grade 7	82
Grade 8	82
	761

The extra large enrollments of the mid-50's have nearly progressed through the elementary schools. It seemed that our enrollment would drop back and remain somewhat constant at a figure that would enable us to operate with three teachers per grade. However, the present enrollment of the sub-primary is 116 pupils. At one time during the fall, there were 120 registered. Next year, as near as can be determined, there will be 100 in the entering class. This will necessitate an additional first grade teacher to take care of the present sub-primary group.

We have an additional room at Pleasant Street to house this extra division, and if the large enrollment continues for another year, we still have a room at Mayo Street that is now used by Mrs. Gellerson—the Dale Evans Room. However, if the trend continues beyond two years, additional space must be provided.

As soon as possible, a survey will be made to determine the anticipated enrollment for the next five years. These surveys are never accurate, and it is impossible to get 100% cooperation, but at least, a fairly accurate estimate can be obtained.

There are three factors that must be considered in trying to forecast future enrollments. First, the status of the industries within the town and whether or not expansion is in their plans; second, the number of personnel at Charleston Radar Station as well as their age and marital status; and third, the possibility of additional pupils because of more people moving to Dover-Foxcroft who work in neighboring towns.

There have been no major repairs to the buildings during the year. Some interior painting was done during the summer and a new ceiling was installed at the Pleasant Street School. Another ceiling is needed there, plus more redecorating in the corridors and

classrooms. It is planned to hire an additional part-time custodian in order to catch up on some of the redecorating. The Grammar School should be painted throughout and it is time to start painting the Elementary School.

The budget for the ensuing year is not outstanding. Raises for the teachers, an additional teacher and a part-time custodian accounts for nearly all of the increase. This is somewhat offset by the increase in the amount of State Subsidy to be received in December of 1963, plus the $1000 additional anticipated from P.L. 874.

The following table shows a comparison of State Subsidy received, General Fund Town Appropriations, and total expenditures since 1956. The Physically Handicapped and Adult Education Accounts are not included in the table. The amounts raised by the Town and the expenditures are for the elementary schools only.

	State Subsidy	Raised by Town	Expenditures	F.A. Contract
1956	$ 58,396	$ 72,280	$128,900	$ 52,719
1957	73,382	77,765	144,694	57,202
1958	73,336	75,816	158,576	62,042
1959	87,240	87,618	174,134	71,407
1960	87,240	87,590	190,197	75,882
1961	109,126	86,269	198,050	104,625
1962	125,147	75,962	209,301	108,201
1963	142,970	71,606	------	124,372
	(anticipated)	(requested)		(requested)

The following amounts are recommended by the Superintending School Committee to carry out the operation of the schools for the school year 1963:

General Fund	$71,606
Physically Handicapped	300

Respectfully submitted,

FREDERICK L. MOSSLER,
Superintendent of Schools

REPORT OF ELEMENTARY SUPERVISOR

To the Superintendent, Superintending School Committee and Citizens of Dover-Foxcroft:

In an effort to give parents a more complete report of their child's progress in school, we have for the past two years arranged parent-teacher conferences during American Education Week. One or both parents of 90% of the pupils in the grades took advantage of this opportunity to visit schools and get first-hand knowledge of their youngster's aptitude and achievement.

In addition this year, we are planning an evening meeting in the spring after our testing program has been completed to further acquaint parents with the progress of their children. A bulletin will be sent home prior to this meeting concerning the details.

A committee is currently working on the problem of reporting to parents through a re-examination of ranking and rank cards.

Two programs designed to acquaint the public directly with some phases of school work were planned for presentation through the PTA this year. One of these programs held in January at the Elementary School presented a first grade reading class conducted by Mrs. Joyce Miller, a fifth grade science projects demonstration presented by Mrs. Dorothy Warren and arithmetic demonstrations by Mrs. Ruth Fletcher and Mr. Eben DeWitt. In February another program involving pupil-teacher participation will take place in the Grammar School gym. This will be conducted by Mr. DeWitt, Mrs. Brown and Mr. Thorne.

The annual Science Fair will be held Saturday, March 2nd, in the Grammar School gym. This is a non-

competitive exhibition of science projects carried out by pupils of grades 5 through 8, under the guidance of teachers and other interested adults. Last year over 200 children took part in this event.

Experimental programs in arithmetic are still in the "experimental stage", but some results are considered to be conclusive. In this area, we are working toward curriculum improvement. With the purchase of new arithmetic textbooks, we have placed in the hands of both teachers and pupils materials based on a modern approach to mathematics. Two problems we face in revising our program are in-service training of teachers in the new methods and graduation telescoping of the course content from sub-primary through grade eight. We believe our efforts will lead to higher achievement levels and additional offerings in mathematics.

Despite the attention focused on reading programs by some well-meaning critics, evidence is available which indicates that today's pupils are more proficient in that skill than children who attended school thirty years ago. Our test results, which offer an opportunity to compare the achievement of local pupils with that of pupils of the same age throughout the country, show that the average boy or girl in Dover-Foxcroft is from six months to a year ahead in reading achievement. However comforting this knowledge may be, we still recognize that some pupils are reading below their grade level. This deficiency is dealt with through homogeneous grouping within classes and the use of materials suited to groups and individuals.

A battery of achievement tests given every year in March helps us to locate individual and class strengths and weaknesses and to compare our results with national norms. Because we have used the same series of tests for several years and have scored con-

sistently above the norms in most areas, we decided to give a second series last spring, so that we might compare the results. A Stanford Achievement Battery was administered the first week in March and a Metropolitan Achievement Battery was given the first week in April. Though there were minor variations in the results, a comparison of summaries presents a very favorable picture.

Respectfully submitted,

CEDRIC A. HEWES,
Elementary Supervisor

DOVER-FOXCROFT SCHOOL DISTRICT

1962

FOURTEENTH ANNUAL REPORT OF TRUSTEES

To the Municipal Officers of the Town of Dover-Foxcroft:

During the year, no condition of the District property requiring current action on the part of the Trustees has come to our attention. The property of the District is being maintained by the Superintending School Committee and is all in usable condition. It does appear, however, that the roof of the Mayo Street School Building (the old grammar school building) on Mayo Street is deteriorating and may have to be replaced within the next few years. A further investigation will be made in conjunction with the Superintending School Committee before any decision is made in this regard.

The report of the auditor has not yet been received. However, it will show cash on hand as of January 1, 1963, of $31,581.47 and long term indebtedness outstanding as follows:

2% Bonds of 1950	$ 49,000.00
2⅛% Bonds of 1950	20,000.00
3% Note of 1955	1,000.00
4¼% Bonds of 1956	140,000.00
3.30% Notes of 1958	16,200.00
3.25% Note of 1961	4,000.00
	$230,200.00

Cash on hand as of January 1, 1962, is budgeted for 1963 as follows:

Note and Bond Principal Reduction	$ 22,200.00
Interest on Bonds and Notes	7,935.05
Treasurer's Bond and Salary	360.00
Available for Credit on 1963 Tax Levy	500.00
Miscellaneous	586.42
	$ 31,581.47

Respectfully submitted,

WILLIAM G. GLOVER
HALE G. STANLEY
E. EUGENE GAMMON
GEORGE W. WARREN
STUART E. HAYES

Nurses' Salaries	34,341.82
Nurses' Aides Salaries	27,583.99
Social Security	3,325.27
Unexpended Balance, Dec. 31, 1962	$ 17,250.18

A review of the past year shows a small increase in patient days service and a slight drop in the daily average of patients. This is accounted for by slightly shorter hospital stays primarily in the maternity wing.

Total operating income went up by approximately $1000, accounts receivable by about $3000, but the unexpended balance rose by over $5000. This is not, however, an accurate reflection since bills incurred to make improvements required by the State Fire Marshal are not shown in 1962 expenses.

The Fire Marshal requires us to relocate our laboratory, install a fire door exit from the X-ray department and venting of gas water heaters. We have closed in the front porch and now have a new and modern laboratory.

Under administration expense, the only major increase was for a new bookkeeping system which has already begun to show dividends.

Donations this year included $300 from the Mocutoc Club towards the new pediatric ward and $125 from Stowell-MacGregor Corp., for which we are most grateful.

As in the past years, your trustees, Mrs. Weatherbee, Miss Doore and Mr. Meisner have been most helpful in the management of your hospital. To them, the Nursing staff, Medical staff and Housekeeping staff, may I offer my sincere thanks.

Respectfully submitted,

ISOBEL M. CURRIE, R.N.A.
Superintendent
Mayo Memorial Hospital

ADVISORY COMMITTEE REPORT 1963

The Committee wishes to point out two new innovations in the Town Warrant this year. Each article other than the customary budgetary items carries the name of the sponsor and each article has been considered and recommendations made by the Advisory Committee. It is requested that in the future sponsors of articles appear before the Committee at its public meeting in support of their requests.

The Committee has held six meetings including the public meeting. It has seriously considered each budgetary item in the Warrant, and in its judgment the sums it recommends for these items are adequate to provide the services which the citizens of Dover-Foxcroft desire, need, and for which they can pay.

The Committee recommends a budget of $387,-114.00 for 1963, which is $19,843.84 more than was appropriated in 1962. This budget will require a 38 mill tax rate for 1963 — a 2 mill increase. The increase is mainly due to two items: (1) For the past two years we have taken $11,700 annually from general surplus to finance notes due and interest on bonds and loans — as the surplus account is now considered quite low it was decided t hat these funds should be raised by appropriation, and (2) requests for educational costs have incresed $11,315 this year. Any appreciable increase in the recommended total budget figure would require a further increase in the 1963 tax rate.

The Committee wishes to offer an explanation regarding educational costs and State and Federal subsidies for the elementary and secondary school systems for 1963.

	Town Schools	Academy
Total Anticipated Costs	$226,456.00	$158,187.50
Other Revenue	7,880.00	33,815.50
Requirement before Subsidies	218.576.00	124,372.00
Subsidies Applied	146,970.00	
Requested of Town	71,606.00	124,372.00

Of the $146,970 anticipated subsidies, $94,365 or approximately 64% is creditable to the Town school system and $52,605 or approximately 36% is creditable to tuition paid Foxcroft Academy. As subsidies can only be paid to the town they appear on the accounts of the Town school system.

It is interesting to note that the total anticipated operating costs of the elemenary and secondary school systems is $384,643.50. This is nearly equal to the total recommended Town budget of $387,114.00. Further, that under Article 8 the request for educational purposes of $196,278.00 is 50.6% of the recommended Town budget.

The Committee believes that the following articles in the Warrant merit your particular attention:

Art. 14 — Planning Committee to make a study of off-street parking facilities and traffic hazards.

Art. 21 — Codification of Town by-laws and ordinances (last printing was in 1923).

The Committee appreciates the time, effort and patience given by the Board of Selectmen, Town Manager, Joint Board of Foxcroft Academy and Principal, and the School Committee and Superintendent.

WARRANT

To Laurance A. Peabody, a Constable of the Town of Dover-Foxcroft, in the County of Piscataquis, and State of Maine, or any other Constable of said Town.

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Dover-Foxcroft in said County and State, qualified by law to vote in Town Affairs, to meet at Central Hall in said Town on Monday, the Eleventh day of March A.D. 1963, at nine forty-five o'clock in the forenoon to elect a moderator to preside at said meeting, for the election of all Town Officers for the ensuing year as are required by law to be chosen by secret ballot, and to act upon such other articles as may be placed upon the secret ballot; and at seven-thirty o'clock in the afternoon, at Foxcroft Academy Gymnasium, in said Town, to act upon the following articles, viz:

Art. 1. To act upon the report of the Town Officers as printed.

Art. 2. To see if the Town will vote to raise and appropriate a sum of money for administration of Town affairs during the ensuing year as follows:

	Advisory Committee Recommendation
A. Town Office	$ 5,400.00
B. General Government	12,700.00
C. Central Hall	3,700.00
D. Elections	200.00
E. Clerk & Treasurer	400.00
F. Assessing	2,500.00

Art. 3. To see if the Town will vote to raise and

appropriate a sum of money for protection of persons and property as follows:

	Advisory Committee Recommendation
A. Police Department	$ 6,100.00
From Meters	3,000.00
B. Police Car	1,750.00
C. Street Lights	5,700.00
D. Fire Protection	1,800.00

Art. 4. To see if the Town will vote to raise and appropriate a sum of money for Health & Sanitation services, as follows:

	Advisory Committee Recommendation
A. Public Dump	$ 1,500.00
B. Sewer Maintenance	700.00
C. Board of Health & Vital Statistics	100.00
D. Sewer Construction	1,000.00
E. Warren Home	5,500.00
F. Mayo Memorial Hospital	0.00

Art. 5. To see if the Town will vote to raise and appropriate a sum of money for the support of poor as follows:

	Advisory Committee Recommendation
A. Town Poor	$ 12,000.00
B. Aid to Dependent Children	3,500.00
C. Surplus Foods	1,000.00

Art. 6. To see if the Town will vote (1) to accept the provisions of the State Law relative to the construction of State Aid Roads, and (2) to raise and appropriate a sum of money for Roads, Highways, and Bridges as follows:

	Advisory Committee Recommendation
A. Highways, General From Excise Tax	$ 27,800.00
B. Snow Removal	26,000.00
C. Surface Treatment	7,000.00
D. Street Cleaning	1,400.00
E. Sidewalk Construction	500.00
F. State Aid Construction	4,776.00
G. Highway Equipment	2,000.00

H.	Main Street Construction	2,000.00

Art. 7. To see if the Town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School Scholars.

Art. 8. To see if the Town will vote to raise and appropriate a sum of money for School and Education as follows:

		Advisory Committee Recommendation
A.	General Fund	$ 71,606.00
B.	Handicapped Children	300.00
C.	Adult Education	0.00
D.	High School Tuition	124,372.00

Art. 9. To see if the Town will vote to raise and appropriate a sum of money for the maintenance and care of Cemeteries as follows:

		Advisory Committee Recommendation
A.	General Care	$ 3,100.00
B.	Veterans Graves	300.00

Art. 10. To see if the Town will vote to raise and appropriate a sum of money for the following accounts:

		Advisory Committee Recommendation
A.	Thompson Free Library	$ 5,160.00
B.	General Insurance	3,600.00
C.	Fairgrounds	300.00
D.	Civil Defense	400.00
E.	Sebec Lake Beach Property	800.00
F.	Agriculture Club	75.00

Advisory Committee recommends favorable action for a loan of $2,000.00

Art. 26. To see if the Town will vote to adopt the following ordinance and by-law:

"In addition to such notice as may otherwise be required by law, the Board of Selectmen shall cause a notice of all Town Meetings and of all public hearings before the Board, to be published in a newspaper having general circulation in the Town a reasonable length of time before the time set for such meeting or hearing."

(Selectmen)

Advisory Committee recommends favorable action

Art. 27. To hear and receive the following report of the Selectmen, relative to the laying out of a town way, near Greeley's Landing, leading to the Bowerbank Town Line. The Subscribers, the Selectmen of the Town of Dover-Foxcroft, upon the application of Bernard C. Bishop and five others, to lay out a Town way in said Town extending from Greeley's Landing northerly to the Bowerbank town line, having given seven days written notice of our intentions by posting said notice in two public places in said Town and in the vicinity of the proposed way, to wit, at Central Hall, and at Riverside Service Station in said Town, both being public places in said Town, and on a utility pole at Greeley's Landing in the vicinity of the way, and having in said notice described the way and having met in conformity with said notice at the time and place appointed for that purpose, and having personally examined the way proposed, are of the opinion that there is occasion for a new town way for the use of said town as proposed;

We therefore lay out said way as follows:

"Beginning at a point in the northwesterly side line of State Highway No. 153 leading from Dover-Foxcroft to Greeley's Landing one hundred forty (140) feet, more or less, southwesterly from the southwesterly corner of a parcel of land now or formerly owned or occupied by Francis C. Peaks; thence N 57° 46' W four hundred forty-one and eighty-sixths one hundredths (441.86) feet to a point; thence by a curve to the right with a central angle of 43° 16' and a radius of three hundred fifty-nine and three one hundredths (359.03) feet a distance of two hundred seventy-one and twelve one hundredths (271.12) feet to a point; thence N 14° 30' W two hundred forty-seven and five tenths (247.5) feet to

a point in the northerly side line of Forest Avenue, so-called, said point being twenty-five (25) feet westerly of the southwesterly corner of Lot No. 8 on a Plan of Land Owned by Recreation, Inc., Sebec Lake, Dover-Foxcroft, Maine, by Prentiss & Carlisle Co., Inc., dated June 1938; thence N 14° 30' W five hundred seventy-four and ninety-four one hundredths (574.94) feet to a point; thence by a curve to the left with a central angle of 16° 30' and a radius of one thousand seven hundred fifteen and forty-three one hundredths (1715.43) feet a distance of four hundred ninety-six and five tenths (496.5) feet to a point; thence N 31° 05' W one hundred forty-three (143) feet, more or less, to the southerly property line of land now or formerly owned or occupied by Geraldine Palmer, being the northerly line of Lot 10 Range 9 of said town, said point being one hundred thirty (130) feet, more or less, easterly of the southwesterly corner of land now or formerly owned or occupied by Geraldine Palmer; thence N 31° 05' W one hundred seventy (170) feet, more or less, to the easterly line of land now or formerly owned or occupied by Nellie and Elbridge Weston; thence N 31° 05' W two thousand twenty (2020) feet, more or less, to a point on the southerly side of the present road serving the cottage lots at Greeley's Landing; thence by a curve to the right with a central angle of 45° 17' 43" and a radius of two thousand one hundred fifty-seven and six one hundredths (2157.06) feet a distance of one thousand seven hundred five and twenty-eight one hundredths (1705.28) feet to a point; thence N 13° 24' 43" E a distance of five hundred ten and fifty-one hundredths feet to a point; thence by a curve to the right with a central angle of 21° 44' 27" and a radius of five hundred twenty and seventy-four one hundredths (520.74) feet a distance of one hundred ninety-seven and sixty one hundredths (197.60) feet to a point; thence N 35° 09' 10" E a distance of six hundred eighty-six and sixty-four one hundredths (686.64) feet to a point; thence by a curve to the left with a central angle of 62° 10' 10" and a radius of four hundred ninety-seven and sixty-two one hundredths (497.62) feet a distance of five hundred thirty-nine and ninety-five one hundredths

(539.95) feet to a point; thence N 27° 01' W a distance of four hundred thirteen and fifty-three one hundredths (413.53) feet to a point in the town line between Dover-Foxcroft and Bowerbank, said point being five hundred eighty-four (584) feet, more or less, on and by said town line from the high water mark of Sebec Lake. The above described line being the center line of a road fifty (50) feet in width, twenty-five (25) feet each side of said center line leading from State Highway No. 153 to the Dover-Foxcroft-Bowerbank town lines; The line described above is composed of the tangents of the curves which shall constitute the center line of said way and is delineated upon a plan surveyed by Prentiss and Carlisle Co., on file in the Town Office, and the way to be 50 feet wide."

The several owners of land over which said way passes having agreed thereto, we award no damages by reason of the laying out of said way. Such laying out with the bounds and measurements, has been filed with the Town Clerk on the twenty-eighth day of December, A.D. 1962, and we now report such laying out with the bounds and measurements to the Town at the Town Meeting legally called for the acceptance of such way.

Given under our hands, this twenty-eighth day of December, A.D. 1962.

PLANNING BOARD

To the Citizens and Selectmen of Dover-Foxcroft:

We would like to give a brief summary of the activities of the Planning Committee for the past year. Our planning activity as a whole was given to Sebec Lake Beach Area. With limited funds our thought was to put our planning into a long range program. Following are the projects we hope to execute in the Beach Area in the next two or three years:

1. Parking area adjacent to Beach.
2. Installing granite posts to control cars from entering Beach.
3. Clear brush from east side of Beach to make room for more picnic area.
4. Construct boat landing on East edge of Beach for patrons to land without interferring with bathers.
5. Build a small day camp for Life Guard at rear of Beach.
6. Enclose the entire Beach with a cyclone fence.

Of the above listing, we have provided more parking area at the entrance of the Beach, Placed granite posts across the rear, we also have a part time person to rake the Beach. We trust this is not a "too ambitious" program and will appreciate support from the citizens of the Town.
